### SUPPLYPAK ASSEMBLY INSTRUCTIONS

THE INSTRUCTIONS MUST BE FOLLOWED FOR SAFE PACKING, STORAGE AND SHIPMENT OF THIS CONTAINER.

#### FLEXIBLE 30 GAL WASTE DRUM (Applies to Supply-258)

##### **Required Safety Supplies:**

Veolia recommends the user of this service to utilize gloves and safety glasses when handling any kind of hazardous material.

**AUTHORIZED CONTENTS:** - The SUPPLYPAK Flexible 30 Gal Waste Drum is designed for 250 lbs. of waste materials.

**SUPPLY-258 – Flexible 30 Gal Waste Drum** – Holds up to 250 lbs. of waste. **DO NOT EXCEED STATED WEIGHT CAPACITY.**

##### **Step #1 – Prepare Package**

1. Remove inner liner and fully open flexible drum. Ensure sides are straight and pressed out.
2. Carefully fold down the top of the bag over the sides of the container.
3. Insert the liner into the container and press corners into the bottom of the drum.

##### **Step #2 – Fill Container**

1. Carefully fill SUPPLYPAK with waste materials.
2. **DO NOT DO NOT EXCEED 250 LBS.**
3. **KEEP DRUM AND LINER CLOSED WHEN NOT IN USE.**

##### **Step #3 – Seal Container**

1. When the SUPPLYPAK is full with waste, gather inner liner as close as possible to the top of the drum and twist several times. Fold twisted end of liner in half and secure with wire tie.
2. Gather the top of the drum together. Using the attached tie, tie a knot once, wrap tie around gather 180 degrees and secure with a bow tie.

##### **Step #4 – Prepare Pallet**

1. Place sealed drum on a standard 4ft pallet. Place up to four (4) drums on the pallet but do not stack drums.
2. Using shrink or stretch wrap, fully secure drum(s) to the pallet.
