## **RECYCLEPAK® DENTAL WASTE FORM**

Please complete this form entirely and place within pail PRIOR to shipping

### **A. Generator Information**

Name: \_\_\_\_\_  
Site Address: \_\_\_\_\_  
City, State, Zip: \_\_\_\_\_  
Contact: \_\_\_\_\_  
Phone: \_\_\_\_\_  
EPA ID#: \_\_\_\_\_

### **B. General Information**

The following items are included with the RECYCLEPAK®:

#### **5 Gallon Poly Pail**

The 5 gallon poly pail is designed to be used for the shipment of vacuum pump filters, chair side traps and amalgam separators. These wastes MUST be placed into the sealed liner prior to being placed into the 5 gallon poly pail. The total net weight of mercury in the final package must not exceed one pound (approximately two pounds of amalgam).

*Per regulations set forth in 40 CFR 273.18(d), 40 CFR 273.38(d), and 40 CFL 264.12(b), Veolia agrees to receive shipment of dental waste, as described above, from the Generator.*

### **C. Generator Certifications**

I certify that all information submitted in this form contains true and accurate descriptions of this waste. The dental waste enclosed in the RECYCLEPAK® is not an infectious/regulated medical waste or has been rendered non-infectious. The dental waste in the RECYCLEPAK® is not radioactive. The Generator is a conditionally exempt (very) small quantity generator as defined by US EPA regulations 40 CFR 261.5, or the dental waste within the RECYCLEPAK® container is otherwise exempted from regulation as a hazardous waste. All relevant information regarding known or suspected hazards in the possession of the generator has been disclosed.
