Generator Certifications

The generator of the cosmetic product waste or a duly authorized representative of the owner must sign this section.

I certify that I am currently knowledgeable of the hazardous waste regulations as they pertain to my business and certify that the site listed above meets the definition of a conditionally exempt small quantity generator (also referred to as a very small quantity generator (VSQG) in some states) of hazardous waste as defined in 40 CFR 261.5 and applicable state regulations. I certify that the ReturnPak Cosmetic Products Waste Pail has been packaged in accordance with the terms and conditions and only contains those items listed as allowable material and the inclusion of items identified as non-conforming materials will be subject to surcharges and potential rejection of the material back to the generating site listed above. All items contained within the ReturnPak Cosmetic Products Waste Pail meet the definition of a hazardous material are packaged in containers meeting the requirements for the packaging of limited quantities as specified by the US DOT in 49 CFR 173. All information submitted in this contains true and accurate descriptions of this waste. All relevant information regarding known or suspected hazards in the possession of the generator has been disclosed.
